Ed Gustafson

Contact Tel #
(918) 366-0212

Fax #
(918) 366-6610

E-mail Address
None

Section 2

Local Area 911 Implementation

List all individual local areas covered by this report (e.g., Lee County, Virginia):

City of Bixby, Tulsa County, Oklahoma;
Portions of City of Tulsa, Tulsa County, Oklahoma;
Portions of City of Broken Arrow, Tulsa County Oklahoma;
Portions of City of Jenks, Tulsa County, Oklahoma
City of Leonard, Tulsa County, Oklahoma
City of Hectorville, Okmulgee County, Oklahoma
Rural unincorporated portions of Okmulgee Country, Oklahoma
Rural unincorporated portions of Wagoner County, Oklahoma

For each area listed above, identify the emergency response point to which calls are now being routed.

911 calls made from the Bixby Telephone Co. service area are first routed to Southwestern Bell Telephone Co's selective router in Tulsa. Each of our served cities and counties have contracted with and are connected to Southwestern Bell Telephone Co.'s Tulsa selective router. The selective router determines, from the caller's ANI and using an E911 database, which PSAP the emergency call should be routed to. A human being answers 911 calls at the appropriate PSAP and routes the call to, or directly notifies, the proper emergency service that the 911 caller needs.

Section 3

Certification - To be signed by an authorized representative of the reporting entity

I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and that the reporting entity has completed the steps necessary to properly route 911 emergency calls in the localities covered by the report as of September 9, 2002.
